

CONTROLLING OFFICER'S REPLY

(Question Serial No. 0336)

Head: (30) Correctional Services Department

Subhead (No. & title): ()

Programme: (1) Prison Management

Controlling Officer: Commissioner of Correctional Services (YAU Chi-chiu)

Director of Bureau: Secretary for Security

Question:

On addressing the problem of ageing correctional facilities, please advise on the following:

1. what are the respective years of service of the operating facilities? Please set out the details by individual facilities;
2. how much money and manpower will be allocated to replace the facilities? Please set out the details by individual facilities; and
3. is there a plan to reduce, increase or relocate the existing facilities? If so, what are the details and what are the financial and manpower resources to be incurred? Please set out the details by individual facilities.

Asked by: Dr Hon Kenneth CHAN Ka-lok (Member Question No. 60)

Reply:

At the end of 2015, of the 29 correctional facilities in operation, 13 have been in operation for 40 years or above. The Correctional Services Department (CSD) has been adopting different measures to improve and replace the ageing facilities. In terms of short-term measures, CSD regularly inspects, maintains and repairs the relevant facilities. In terms of long-term measures, CSD plans and implements improvement and redevelopment (including partial redevelopment) projects of correctional institutions, having regard to actual needs.

The number of years of operation of the above 29 correctional facilities as well as the timetable of the major improvement/redevelopment projects under the Capital Works Reserve Fund and the project estimates are set out at Annex.

CSD will continue to closely monitor the changes in the size and composition of the penal population, and deploy resources flexibly to cater for the custodial and rehabilitation needs of persons in custody. The measures will include, amongst others, the swapping of

functions of individual institutions where practicable. The Department will deploy existing manpower and resources to undertake the work concerned.

The number of years of operation and major improvement/redevelopment projects of the correctional facilities under the Capital Works Reserve Fund and Project estimates

	Correctional Facilities	No. of years since completion / of operation (as at 31.12.2015)	Major Improvement/Redevelopment Projects	Project Estimates
