Reply:

The Correctional Services Department (CSD) attaches great importance to racial equality. No persons in custody (PICs) will be treated differently with regard to their race, colour, descent, national or ethnic origin, including meal arrangements for PICs. Hence, CSD does not have the relevant information on meal expenses of PICs of individual ethnic groups. In accordance with section 24A of the Prisons Ordinance (Cap. 234), CSD provides PICs with plain and wholesome food. The variety and portion of dietary scales currently provided by CSD are designed by dietitians and approved by the Department of Health. The scales meet the nutritional needs of PICs. Non-vegetarian PICs are provided with an appropriate amount of meat in their daily meals. The types of meat include pork, beef, fish, skinless chicken, chicken wings, etc. Prices of all dietary scales are more or less the same. The average cost of food material per day per person is about \$24.6.

In accordance with the Civil Service Regulations, an officer who is on duty for a continuous period of 12 hours or more in any period of 24 hours may receive a local subsistence allowance. In general, the duty hours of CSD staff do not meet this requirement. Therefore, the Department does not have relevant information on the average expenditure on subsistence allowance per staff per day.
